Nature Recovery Grant Scheme

End of Project Report

Your name	
Organisation (grant recipient)	
Project Reference (8 letters) and site/name (if relevant)	
Email	

Section 1: Project Impact
Please give a brief description of your project. What interventions were implemented?
What were the intended outcomes and ecological benefits of this project? Please refer to your original application.
What outcomes and ecological benefits have been delivered? Please include qualitative and/or quantitative evidence, as appropriate.
Which (priority) species have benefited from your project?
What wider benefits did your project deliver?
Did you encounter any challenges while implementing your project?

Please share any stories, quotes, or feedback from participants/beneficiaries that illustrate the impact of the project.
Please describe how you have communicated about this project to the wider community, providing links to any relevant news posts or social media channels.
Please describe how you have monitored and evaluated the project's success.
Please describe any ongoing efforts (if applicable) that help the project deliver long-term ecological or other benefits

Section 2: Project Finances	
Please confirm the total amount of grant funding received.	
Please provide a breakdown of the grant expenditure. Submit with this report copies of any receipts, invoices, or other financial records that demonstrate how the grant was spent.	
Was there any grant underspend for this project? If so, please provide details.	

Section 3: Feedback
How did you find the grant application process? Is there any further support you might have benefitted from?
How did you find the post-award process? (e.g. agreeing terms and signing grant funding agreements, receiving the money)
Please offer any suggestions or general feedback on SCDC Nature Recovery Grant Scheme.
