S/3786/18/TC	232, High Street, Cottenham, Cambridge, CB24 8RZ	1) The largest tree might be an ornamental Alder but I am not sure. It's about 30 feet tall and has several dead and dying branches that we need to remove. 2) The second smaller tree is perhaps 12 to 15 feet tall and I guess it's an ornamental Cherry tree. We want to trim the tops off the longer and over-grown branches so it has a better shape. 3) The last tree is round and ornamental and I'm told we've allowed it to become too big.
