	S/4668/18/TC	Quinneys, High Street, Castle Camps, Cambridge, Cambridgeshire, CB21 4SN	Yew - application for permission to "Reduce to fence height and shape sides". Work to be carried out by Mercer Tree Services Ltd. Registered in England, Number 08671746. Mercer Tree Services Ltd. say that all work will be completed in line with BS3998 'Recommendations for Tree Work'. The tree is located away from roads, halfway up our garden at the rear of our property, adjacent to the neighbouring fence with Westferry (property name of neighbour). The tree is on our property and the fence is responsibility also. Reason for reduction in height is to prevent damage to fencing and persons from longer branches swinging wildly in strong winds and hanging at low level under the weight of snow, to allow sunlight to reach surrounding vegetation, and to prevent poisonous debris from affecting housing of chickens. The tree is in good health and (from our quote and discussions with Mercer Tree Services Ltd. we are not aware of any reason that this work would endanger the health of the tree or reduce its amenity value to the local environment.	<a href="http://plan.scambs.gov.uk/swifitg/apas/run/WPHAPPDET/AIL.DisplayUrl?theApnID=S/4668/18/TC">http://plan.scambs.gov.uk/swifitg/apas/run/WPHAPPDET/AIL.DisplayUrl?theApnID=S/4668/18/TC</a>

<b>Croxton CP</b>				

			T1 - Ash tree. Tree is located on boundary between 29 High St and The Old Gatehouse. The tree has far outgrown its location and ideally needs to be removed and if necessary, replaced. In my opinion the tree is too large to benefit from a significant reduction as it would promote re growth and further hinder the residents. The tree if removed would be replaced with a silver birch, near to the Ash trees current location. Several attempts a few years ago were made to contact the landlord of the old gatehouse but there was no response. The tree is very imposing on the garden, conservatory and house and should the tree ever fail the building would be at risk. The leaf fall, consumes the garden, and roofs of the nearby buildings. Pictures to support this will be attached.	<a href="http://plan.scambs.gov.uk/sw/iftlg/apas/run/WPHAPPDET/AIL.DisplayUrl?theApnID=S/4667/18/TC">http://plan.scambs.gov.uk/sw/iftlg/apas/run/WPHAPPDET/AIL.DisplayUrl?theApnID=S/4667/18/TC</a>
	S/4667/18/TC	Ash Tree on the boundary between 29 High Street and The Old Gatehouse, 31, High Street, Croxton, St Neots, PE19 6SX		
			T1 - 1x Mulberry - Reduce overhanging limbs back close boundary to reduce end weight, back to suitable growth points to leave shaped T2 - 1x Field Maple - reduce by circa 30% (3m), thin by 20% and crown clean, to maintain tree at a suitable size for cramped location. G1- 1x Hawthorn, Blackthorn and laburnum - fell - poor form, overgrown dying and smothered in ivy	<a href="http://plan.scambs.gov.uk/sw/iftlg/apas/run/WPHAPPDET/AIL.DisplayUrl?theApnID=S/4721/18/TC">http://plan.scambs.gov.uk/sw/iftlg/apas/run/WPHAPPDET/AIL.DisplayUrl?theApnID=S/4721/18/TC</a>
