|                          | S/0390/19/TC | 23, High Street, Great Shelford, Cambridge, Cambridgeshire, CB22 5EH    | Thuja tree This tree is in the front right hand corner of our garden. It is about 50 cm from the boundary wall and about 2 meters from the side of the neighbour's house. It is at least 40 year's old and has now grown to be higher than the neighbour's house and is touching the walls and obscuring light to their side windows. We are concerned that it is a danger to their house foundations. It has low amenity value. We will replace this tree with an Acer which will grow in this shady position and be a more appropriate size and attractive in this place in the village. We have looked after our gardens very carefully and over the last few years we have planted 16 trees in the back garden and 5 in the front garden with a preexisting wild plum tree. | 01/02/2019 | <a href="http://plan.scambs.gov.uk/swift/g/apas/run/WPHAPDETAIL.DisplayUrl?theApnlD=S/0390/19/TC">http://plan.scambs.gov.uk/swift/g/apas/run/WPHAPDETAIL.DisplayUrl?theApnlD=S/0390/19/TC</a> |
|                          | S/0398/19/TC | 29, Tunwells Lane, Great Shelford, Cambridge, CB22 5LJ                  | Willow - W1 - Part of the main trunk has detached and split away, is now resting on the shed and neighbours trees, remove before it falls and causes more damage. Request a five day notice.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | 01/02/2019 | <a href="http://plan.scambs.gov.uk/swift/g/apas/run/WPHAPDETAIL.DisplayUrl?theApnlD=S/0398/19/TC">http://plan.scambs.gov.uk/swift/g/apas/run/WPHAPDETAIL.DisplayUrl?theApnlD=S/0398/19/TC</a> |

|                          | S/0395/19/TP | 47, Cheyney Street, Steeple Morden, Royston, Cambridgeshire, SG8 0LS                                                 | T1 - Silver Birch - Close proximity and lean towards outbuilding and parking area raising concerns. Interfering with roof. Several branches have landed on cars. Tree has poor form due to previous works. This tree also appears to be showing signs of heave at the base with soil cracks and a cavity of loose soil clearly visible underneath it. This combined with the proximity and root expansion limiting effect of the building leads me to recommend removal of tree to ground level. To be replaced with native tree in more suitable location in garden. T2 - Silver Birch - Close proximity to outbuilding. Interfering with roof. Poor form. This combined with the proximity and root expansion limiting effect of the building leads me to recommend removal of tree to ground level. To be replaced with native tree in more suitable location in garden. T3 - Silver Birch - Close proximity to outbuilding. Interfering with roof. Poor form. This combined with the proximity and root expansion limiting effect of the building leads me to recommend removal of tree to ground level. To be replaced with native tree in more suitable location in garden.
