| Great Shelford CP | | | | | | |

| | | | | | | |
|---------------------------|--------------|---|--|---------------|------------|---|
| | S/0132/19/TC | 21, High Street, Great Shelford, Cambridge, Cambridgeshire, CB22 5EH | Eucalyptus (in back garden, see map) - remove branch that droops down to overhang the public footpath and the neighbour's garden. 4 Lime trees (at front of property, see map) - remove annual growth of small branches from tree crown. Leave trunk and main branches as they are, removing only the thin branches that grew last year. The previous owners of the house used to pollard the trees in this manner every year in order to keep the trees from overhanging the road. We bought the house in August 2018 and I understand that the trees are somewhat rotten so there is a risk of them becoming unstable if the crown becomes very heavy and/or catches more wind. We would like permission to continue to pollard the trees in the same manner every year. | No Objections | 06/02/2019 | http://plan.scams.gov.uk/swift/g/apas/run/WPH/APPDETAIL.DisplayUri?theApplID=S/0132/19/TC |
