Castle Camps CP	S/1120/19/TC	The Old Cottage, Park Lane, Castle Camps, Cambridge, Cambridgeshire, CB21 4SR	Our drain from the house to the main sewer has been damaged by the roots of a beech tree (number 1 on plan) . We have evidence of this after having had the drain cleared twice in 4 weeks, the second time we had a camera survey that shows the root damage in the drain. The drain need to be repaired and part of this requires the removal of the tree to prevent further and more serious damage. We have also been advised that we need to remove the lower two branches of the pine tree (number 2 on plan) to maintain stability of the tree and reduce the risk of falling branches in high winds onto the cars below. We would appreciate a quick turnaround due to the increasing damage of the drain and escalating cost of having it cleared each time.	26/03/2019	http://plan.scambs.gov.uk/swiftlg/apas/run/WPHAPPDETAIL.DisplayUrl?theApnID=S/1120/19/TC
