	S/1671/19/TP	40, Bury Road, Stapleford, CB22 5BP	T1 - Sycamore - This semi mature specimen is situated in the front garden and over the road. The crown currently interferes with both traffic and BT lines. In conjunction with this, the tree is also swamped with ivy and causes excessive shading for both owners and neighbors. The owner was also concerned with the excessive sway in recent high winds and dropping of branches on the car. I propose a sympathetic 25% (4m) crown reduction to appropriate growth points and a crown lift to 6m. The aim of these works is to eliminate the problems presented by the tree and reduce the sail, whilst at the same time improving the overall form.	13/05/2019	http://plan.scambs.gov.uk/swiftlg/apas/run/WPHAPPDETAIL.DisplayUrl?theApnID=S/1671/19/TP
