Subject: Re: FW: Greater Cambridge Housing Trajectory - Cambridge East - Land at Coldham's Lane (GC11)

I am sorry that I am unable to complete your extensive survey, much of which is not relevant in any case as development is well underway but I understand the requirements for additional information. Accordingly, all dwellings are proposed to be available and handed over by August this year but as you may be aware generally sales are taking longer in the current market conditions but I would anticipate that it would be safe to say all will be concluded in the current monitoring year 19/20.

SITE DETAILS

Site:	NORTHSTOWE - PHASE 1: PARCEL H3
Ownership: e.g. housebuilder, developer, landowner	Housebuilder: Taylor Wimpey
Planning Status: e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	Northstowe AAP, S/0388/12/OL (up to 1,500 dwellings), S/0390/12 (site wide masterplan) & S/2776/16/RM (40 dwellings) Parcel H3 has detailed planning permission for 40 dwellings.
Councils' assessment:	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge: At March 2018, 24 dwellings had been completed, 9 dwellings were under construction and 7 dwellings had not been started. We have previously been advised that this parcel would be largely completed in Summer 2018 and that the Taylor Wimpey sales complex on this parcel is likely to be used for all Taylor Wimpey parcels at Northstowe, therefore 9 dwellings on this parcel can only be completed once the sales complex is no longer needed and has been removed.
Anticipated year for works to start on site:	June 2017
Anticipated year for development to be completed:	2019 and 2023 Respectively

SITE DETAILS

Site:	NORTHSTOWE - PHASE 2
Ownership: e.g. housebuilder, developer, landowner	Developer: Homes England
Planning Status: e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	Northstowe AAP, S/2011/14/OL (up to 3,500 dwellings) & S/0390/12 (site wide masterplan) Phase 2 has outline planning permission for up to 3,500 dwellings.
Councils' assessment:	<p>This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:</p> <p>At March 2018, the site had outline planning permission and therefore no construction had started on site. A condition on the planning permission allows three years for the submission of the first reserved matters planning application; therefore the first reserved matters planning application would need to be submitted by January 2020. A condition on the planning permission restricts any dwellings from being occupied on phase 2 of Northstowe prior to (i) the opening of the Bar Hill junction of the A14 improvements, (ii) the widening of the A14 between Bar Hill and Girton as part of the A14 improvements, and (iii) the widening of the B1050 to dual carriageway between its junctions with the A14 at Bar Hill and the proposed Northstowe Southern Access Road (West). We have previously been advised that the first housing completions will be in 2019.</p>

SITE DETAILS

Site:	NORTHSTOWE - PHASE 3 AND LATER PHASES
Ownership: e.g. housebuilder, developer, landowner	Developer: Homes England
Planning Status: e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	Northstowe AAP, Policy SS/5 (Local Plan) & S/0390/12 (site wide masterplan) Phase 3 and later phases are allocated as part of the development of a new settlement, with a total anticipated capacity of up to 10,000 dwellings.
Councils' assessment:	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge: Phase 3 (and any later phase(s) including the reserve land identified in the Northstowe AAP) is anticipated to provide approximately 5,000 dwellings. The reserve land is allocated in the South Cambridgeshire Local Plan as the Northstowe Extension (Policy SS/5) to provide flexibility for the phasing and delivery of the new town. A small area of the reserve land has planning permission as part of phase 1. We have previously been advised that the first housing completions on this phase are anticipated in 2022-2023.
Anticipated year for works to start on site:	post 2031
Anticipated year for development to be completed:	post 2031

1a	Please confirm whether the site details, including Councils' assessment, set out above are still correct. If not, please provide updated details.	Work to start on site 2023 in terms of infrastructure delivery. Phase 3 will overlap with delivery of Northstowe phase 2.

SITE DETAILS

Site:	WATERBEACH BARARCKS AND AIRFIELD (PART OF WATERBEACH NEW TOWN)
Ownership: e.g. housebuilder, developer, landowner	Site owned by Ministry of Defence. Urban&Civic appointed as the Development Manager by Defence Infrastructure Organisation (DIO).
Planning Status: e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy SS/6, Outline planning application S/0559/17/OL (pending, up to 6,500 dwellings). The site is allocated for the development of a sustainable new town of 8,000-9,000 dwellings. A Supplementary Planning Document for Waterbeach New Town was adopted by SCDC in February 2019.
Councils' assessment:	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge: The site is allocated for the development of a sustainable new town of approximately 8,000-9,000 dwellings. An outline planning application for up to 6,500 dwellings was submitted in February 2017 by Urban & Civic, and is being considered by the Council. An outline planning application for up to 4,500 dwellings was submitted on adjoining land in May 2018 by RLW Estates, and is being considered by the Council.
Anticipated year for works to start on site:	2019-20
Anticipated year for development to be completed:	post 2033

1a	<p>Please confirm whether the site details, including Councils' assessment, set out above are still correct. If not, please provide updated details.</p>	<p>This response has been submitted by Urban&Civic (U&C), the Development Manager for Defence Infrastructure Organisation (DIO) tasked with bringing forward development as early as possible at Waterbeach Barracks and Airfield site (some 292 hectares of predominantly brownfield land). An Outline Planning Application for the Barracks and Airfield site was submitted in February 2016. U&C is committed to the submission of details for the first key phase soon after Outline Planning Permission is granted and the necessary investment to deliver early phase new build housing at scale. The full development period would extend beyond 2033.</p>

ACHIEVABILITY

3a	Is the development achievable and viable? If not, please provide details in responding to the questions below explaining how this will be overcome.	Yes - the development is achievable and viable. Viability discussions are at an advanced stage and the site can be made viable to deliver housing in the first five years subject to final agreement on affordable housing and other planning obligations. <i>Achievable is defined as: having a realistic prospect that housing will be delivered on site within five years.</i>
----	--	--

3b	Are there any constraints that could delay development? For all that apply, please provide specific details for your site and what impact these constraints will have on your timescales for delivery.	<p>Infrastructure and Access</p> <p>The submitted Transport Assessment (TA) (May 2018) and TA addendum (Oct 2018) contain details of the current highways and transport infrastructure. A package of highway and transport measures have been agreed with Cambridgeshire County Council to overcome highway capacity constraints and deliver and sustainable transport solution for up to 1,600 dwellings. Beyond 1,600 dwellings contributions will be made to strategic transport measures on the A10 corridor.</p> <p>Other physical infrastructure is outlined in the submitted Utilities and Physical Infrastructure Report (May 2018).</p> <p>Legal and Ownership</p> <p>No constraints. The site is in single ownership (Ministry of Defence) and development is being progressed by Urban&Civic.</p>

SITE DETAILS

Site:	WATERBEACH NEW TOWN
Ownership: e.g. housebuilder, developer, landowner	Developer / Landowner: Urban & Civic and RLW Estates
Planning Status: e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy SS/6, S/0559/17/OL (pending, up to 6,500 dwellings) & S/2075/18/OL (pending, up to 4,500 dwellings) The site is allocated for the development of a sustainable new town of 8,000-9,000 dwellings. A Supplementary Planning Document for Waterbeach New Town was adopted by SCDC in February 2019.
Councils' assessment:	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge: The site is allocated for the development of a sustainable new town of approximately 8,000-9,000 dwellings. An outline planning application for up to 6,500 dwellings was submitted in February 2017 by Urban & Civic, and is being considered by the Council. An outline planning application for up to 4,500 dwellings was submitted in May 2018 by RLW Estates, and is being considered by the Council.
Anticipated year for works to start on site:	2021-2022
Anticipated year for development to be completed:	post 2031

1a	Please confirm whether the site details, including Councils' assessment, set out above are still correct. If not, please provide updated details.	<p>This response is submitted by Boyer on behalf of RLW Estates</p> <p>The trajectory we have provided relates to the whole of the proposed allocation (Policy SS/6). It is acknowledged however that Urban and Civic (U&C), the development managers for Defence Infrastructure Organisation (DIO) in relation to the former Waterbeach barracks and airfield site, may</p>
----	--	--

	<p>take a different position on the build out rate for the site as a whole.</p> <p>This trajectory submission reflects the ongoing process and anticipated timescale for determination of the OPA for WNTE and subsequent reserved matters submissions. Differences between the trajectory now presented and that offered in earlier representations relate to the timescales associated with the ongoing planning application and the recently adopted of a Supplementary Planning Document (SPD).</p> <p>RLW Estates have welcomed the opportunity to engage constructively with the District Council, County Council and other stakeholders to inform the evolution of the proposals for Waterbeach New Town East (WNTE), and to contribute to the recently adopted SPD. With the outline planning application (OPA) for WNTE (Application Ref. S/2075/18/OL) and that for WNTW (Application Ref. S/0559/17/OL) currently under consideration by SCDC, timely delivery of a positive determination of the applications is critical to enabling commencement of development in line with the trajectory. It is anticipated that first housing completions would be delivered through Phase 1 in 2021.</p> <p>Continued constructive engagement and support from SCDC is again welcomed to ensure that delivery can be met as anticipated, and is not delayed by issues of ransom (on all parts of the site) or any associated arbitration process that would need to be undertaken. It is in the Council's gift to take positive and decisive action to prevent this and ensure that this comprehensive development of both sites can come forward in the timescales projected.</p> <p>The phasing plans initially focus around the Station Quarter, they show how this complex and important part of the masterplan would change over time while</p>
--	---

		<p>establishing the quality of place from the earliest phases.</p> <p>The phasing plan set out within the current OPA details that delivery would be lower in early year to account for site start-up and first delivery of infrastructure. Delivery rates would increase in subsequent years and at least 2,900 dwellings could be completed at WNTe by 2034, which would provide at least 6,300 dwellings across the whole allocation site in this period.</p>

AVAILABILITY

2a	Is the site available immediately for development?	Yes
	<i>Available is defined as: the site is controlled by a housing developer who has expressed an intention to develop or the landowner has expressed an intention to sell.</i>	
2b	If not, why not? <i>e.g. is there an existing use on the site?</i>	n/a
2c	If the site is not available immediately, when will it become available for development?	n/a
2d	Are you still undertaking any site assessment work? If so, please provide us with further details.	Detailed site surveys have been undertaken to inform a robust OPA and the proposed infrastructure phasing has been completed in consultation and collaboration with stakeholders and the community.
2e	If your site is allocated, but does not yet have planning permission, when do you anticipate that you will submit a planning application or receive a decision on a submitted planning application?	The OPA for WNTe was submitted in May 2018. Following close dialogue with Officers and other stakeholders, revisions to the applications are to be submitted imminently, and it is anticipated that a resolution will be made by May 2019.

2f	<p>If your site has outline planning permission, but does not yet have detailed planning permission, when do you anticipate that you will submit a detailed (reserved matters) planning application or receive a decision on a submitted detailed (reserved matters) planning application?</p>	n/a
----	---	-----

ACHIEVABILITY

3a	<p>Is the development achievable and viable? If not, please provide details in responding to the questions below explaining how this will be overcome.</p>	<p>Work to date on the market potential and cost planning has shown that development is both achievable and viable. The site is controlled by only two key parties: RLW Estates and U&C/DIO on the former barracks and airfield site.</p> <p><i>Achievable is defined as: having a realistic prospect that housing will be delivered on site within five years.</i></p>
----	---	---

3b	<p>Are there any constraints that could delay development? For all that apply, please provide specific details for your site and what impact these constraints will have on your timescales for delivery.</p>	<p>Infrastructure and Access Local Plan Policy SS/6 and the Waterbeach New Town SPD require comprehensive development having regard to both infrastructure and access considerations.</p> <p>Legal and Ownership Early completion will require east and west phases of development on both landholdings. This will be fundamental to the comprehensive planning of the site, early delivery of the station and a sustainable travel strategy.</p> <p>RLW Estates have expressed concerns over the potential for delay and viability impact to result from the allowance of a ransom situation arising (on any part of the strategic allocation). It is considered that this could be addressed through considered and decisive action from the LPA. In turn, such a situation could reduce the overall levels of affordable housing achieved with knock-on impacts to rates of delivery overall.</p> <p>Discharge of Conditions These are to be progressed following the grant of Outline Planning Permission alongside/subsequent to reserved matters applications, but no reason to consider these as a constraint.</p>
----	--	--

		<p>Other (e.g. contamination)</p> <p>Detailed site surveys have been undertaken. No other physical, legal or ownership constraints that would prevent or delay development have been identified but, as with any strategic scale site, a range of mitigation measures will need to be implemented as identified in the current OPA.</p>
--	--	--

3c	<p>Are there any market or cost factors that could delay development? For all that apply, please provide specific details for your site and what impact these factors will have on your timescales for delivery.</p>	<p>Market Conditions</p> <p>RLW and U&C evidence is consistent in showing that favourable market conditions are likely to continue at least into the medium term, in terms of sales values, which further supports development at the earliest opportunity.</p>
		<p>Site Preparation Costs</p> <p>None that would delay development.</p>
		<p>Infrastructure Costs</p> <p>Funding packages for the A10 improvements and options for station connections funding are currently under discussion. None that would necessarily delay development.</p>
		<p>Planning Obligations</p> <p>S106 Heads of Terms were submitted with the OPA; ongoing process of discussing with the LPA and other stakeholders in tandem with dialogue on viability assessment. None that would delay development.</p>

3d	<p>How do you anticipate these constraints and factors will be overcome? When do you think these constraints and factors will be overcome?</p>	<p>See section 3c above.</p>
----	---	------------------------------

3e	<p>If your trajectory is dependent on certain assumptions, such as availability and timing of infrastructure, site preparation, submission of a planning application, a decision on a planning application or discharge of conditions, what are your assumptions?</p>	<p>RLW is working with the Council in the context of the current OPA and timescales for its determination, to establish a programme for the availability and timing of infrastructure to support the development.</p>

<p>DELIVERY TIMETABLE & HOUSING TRAJECTORY</p>

4a	When do you estimate you will start works on site?	<p>Aspiration for the station to be completed by December 2021. It is anticipated that delivery of residential development will start on the site in 2020, based on the anticipated timescales for determination of the current OPA and the subsequent submission of reserved matters and discharge of conditions, which influence when first residential units will be delivered.</p> <p>We understand that U&C may be indicating earlier completions on DIO land based on their strategy to delivery private rented sector dwellings and to convert existing buildings to residential units. It will be for U&C to detail and justify their early delivery strategy.</p>
4b	When do you estimate you will deliver the first housing completions?	It is anticipated that first housing completions would be delivered through Phase 1 in 2021.
4c	When do you estimate you will complete development of the site?	Post 2033
4d	Please complete the housing trajectory table [see final page] with details of your anticipated housing completions in future years.	[see final page]

*1 RLW considers that first delivery will occur in 2020/21 which represents fast track delivery. Early planning applications, including for the station relocation, have been submitted to achieve this. U&C as Development Managers for the DIO land may take a different stance on the rate of development on site. RLW acknowledge there may be some limited scope for earlier delivery of homes on DIO land as a

result of conversions of existing buildings within the Barracks and it is acknowledged that planning permission already exists for conversion of the barrack blocks to be used as C2 residential accommodation for Papworth hospital staff, comprising 27 residential units (235 beds).

- *2 We propose a policy compliant affordable housing provision but it is not possible at this stage to indicate a tenure split for projected completions on an annual basis. Affordable housing phasing / delivery rates and timescales will be discussed and agreed at a later date. The completions figures provided here are therefore for all tenure

1a	Please confirm whether the site details, including Councils' assessment, set out above are still correct. If not, please provide updated details.	The details are correct.
1b	Please confirm if you are the correct contact for this site on an ongoing basis. If not, please provide updated contact details.	

AVAILABILITY

2a	Is the site available immediately for development? <i>Available is defined as: the site is controlled by a housing developer who has expressed an intention to develop or the landowner has expressed an intention to sell.</i>	Yes
----	---	-----

2b	If not, why not? <i>e.g. is there an existing use on the site?</i>	
----	--	--

2c	If the site is not available immediately, when will it become available for development?	
----	---	--

2d	Are you still undertaking any site assessment work? If so, please provide us with further details.	An going programme of ecological surveys are being undertaken on the site to support future development. All other site assessment work forms part of the submitted planning application.
----	---	---

2e	If your site is allocated, but does not yet have planning permission, when do you anticipate that you will submit a planning application or receive a decision on a submitted planning application?	It is anticipated that the application will go to the Council's Planning Committee in October 2019, with the legal agreement to be signed late 2019.
----	--	--

2f	If your site has outline planning permission, but does not yet have detailed planning permission, when do you anticipate that you will submit a detailed (reserved matters) planning application or receive a decision on a submitted detailed (reserved matters) planning application?	Reserved matters will be submitted shortly following the grant of planning permission.
----	--	--

ACHIEVABILITY

3a	Is the development achievable and viable? If not, please provide details in responding to the questions below explaining how this will be overcome.	Yes

Commented [A1]: The housing trajectory stated here remains, provided that planning permission for the site is granted by the end of 2019. For the purposes of the Council's housing trajectory projections we would assume at this stage that the site will provide a policy compliant level of affordable housing – with the tenure split to be decided.

SITE DETAILS

Site:	CAMBOURNE WEST (LAND NORTH WEST OF LOWER CAMBOURNE)
Ownership: e.g. housebuilder, developer, landowner	Housebuilders: Taylor Wimpey & Bovis Homes
Planning Status: e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy SS/8 & S/2903/14/OL (up to 2,350 dwellings) The site has outline planning permission for up to 2,350 dwellings.
Councils' assessment:	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge: Part of this site is allocated for the development of a sustainable, forth linked village to Cambourne with a capacity of approximately 1,200 dwellings. Outline planning permission for a larger site with a capacity of up to 2,350 dwellings was granted in December 2017. A condition on the planning permission allows two years for the submission of the first reserved matters planning application; therefore the first reserved matters planning application would need to be submitted by December 2019. We have previously been advised that the first dwellings could be completed in 2019-2020 and up to 220 dwellings per year could be delivered.
Anticipated year for works to start on site:	2019-2020
Anticipated year for development to be completed:	post 2031

Subject: RE: Greater Cambridge Housing Trajectory - Cambourne West (land within the Business Park) (GC19)

I have raised this with my client and although they recognise that importance of providing this information to the LPA they are not presently in a position to provide the numbers of completions that you are after.
