

Request 8527 – Compulsory Purchase

In 2019 I made a request for the supply of such material as would help me understand the decision not to comply with a request to compulsorily purchase The Tree Inn in Stapleford. Much of the material was redacted as being commercially confidential. I would like to repeat my 2019 request insofar as material can be no longer regarded as confidential. In particular the questions raised in the risk assessments (if not the responses) are requested.
