

# South Cambridgeshire Community Safety Partnership Operational Plan 2019 to 2021

The Community Safety Partnership is responsible for improving community safety, including reducing crime, disorder, substance misuse and reoffending in South Cambridgeshire. The partnership includes the local authorities, police, fire service, NHS, probation service, community rehabilitation company and the voluntary sector. We work alongside the Police and Crime Commissioner.

Through our 2-year Operational Plan we will:

1. Support vulnerable groups
2. Build resilient communities

As a partnership all our actions try to add value to what we can do individually as organisations. We do not list everything we do separately. We also have a 2-year Transformation Plan that should be viewed alongside this one.

The Community Safety Partnership Board meets twice a year to provide direction and oversight. The Tasking and Coordination Group meets monthly to make sure that the partnership's plans are delivered.

## Summary Action Plan

Action	Lead Team, Organisation	Resources	Timescales (complete by)
Coordinate agency responses to local issues (Problem Solving Group)	Environmental Health, South Cambridgeshire District Council	<ul style="list-style-type: none"><li>• Staff time</li></ul>	Monthly, ongoing
