

Request 7915 – Data protection registration

(SCDC) Data 3c1

Under the freedom of information act i require the information Held by the Council in relation to 3C shared services Specifically i require The Information commissioners office (ICO) Registration Number and the Name of the Entity that is the 3C shared services Data Controller.

Response

3C ICT is not the data controller for this information. Your information is being processed on behalf of the data controller, in this case South Cambs District Council or Cambs City Council, which you have made a request to.

As 3C ICT is managed by Huntingdonshire District Council we would come under their data protection registration (Z581464X). The Data Protection Officer can be contacted via [3C's Information governance team](#).
