(SCDC) Staff furlough and redundancies

Between 1 March to 20 September 2020, how many staff have been furloughed from the Council?

Which departments and teams did these staff work in? Please be as specific as possible. If possible, I would like a breakdown of how many staff were furloughed in each department/team.

How many of these staff are now back at work full-time?

In the same time period, how many staff members has the Council made redundant?

Does the Council have a redeployment scheme? If so, in the same time period, how many staff have been redeployed, and which departments/teams were staff redeployed into?
