

Request 7919 – Technology, data reuse

(SCDC) Website Data Reuse

We gather data from planning application pages and provide a link back to your website so our users can look at each application in more detail. You can see how we do this at <https://livelead.co.uk/planning-info/>

Due to the fact that we have found some websites to provide conflicting information about the use of open data we are as a matter of courtesy and in line with the Re-use of Public Sector Information Regulations 2015 (RPSI) and the Governments drive for “Open Data” using the Open Government Licence (OGL) for the re-use of this type of information we would be grateful if you could confirm your agreement to our use of this information in the above way.

Response

Details of all our accessible information and our agreement to the Open Government Licence can be found on our [access to information](#) page.
