Community Car Schemes

Community car schemes provide a highly valued service to those who would otherwise be unable to get to medical appointments, to the shops or other services or keep in touch with relatives and friends. Journeys are provided by voluntary drivers and are booked through a co-ordinator. Most community car schemes use drivers based in your village to whom you pay a per-mile rate. This keeps the cost down.

If you cannot find a scheme covering your parish or the area where you live it is worth contacting a neighbouring scheme which may be able to help you (see map 1 on page 10). You would have to pay the cost of the 'dead mileage' to cover the additional distance a vehicle would have to come to reach you.

Taxicard Scheme

The Taxicard Scheme aims to provide assistance towards the cost of taxi journeys for people who have difficulties getting or using public transport and do not own their own vehicle. The scheme is restricted to those aged 65 or over who live in the parishes listed below, and is mainly for essential purposes such as medical appointments or shopping.

- Babraham

- Fen Ditton
- Fulbourn
- Girton
- Grantchester
- Histon
- Horningsea
- Impington

Service 28 operates between the villages of **Caxton, Croxton, Croydon, Eltisley, Longstowe, Abbotsley, Waresley, Gamlingay, Little Gransden, Great Gransden, Arrington, Orwell, Wimpole, Great Eversden, Little Eversden, East Hatley and Hatley St George**, or to **St Neots** or **Cambourne**, which will also allow connections to other destinations.

The on demand service must be booked by 1pm the day before travel with operators Huntingdonshire Association for Community Transport (HACT) on **01480 411114**. The booking line is open 9am to 1pm Monday to Friday.

NHS non-emergency patient transport

In general, patients are responsible for getting themselves to and from non-urgent NHS appointments.

NHS Cambridgeshire funds patient transport for the following circumstances:

- where the patient's medical condition is such that they require the skills and support of Patient Transport Services (PTS) staff and where it would be detrimental to the patient's condition or recovery if they were to travel by other means
- where the patient's medical condition affects their mobility so that they would not be able to access healthcare by other means
- where the patient's cognitive state or lack of motivation could result in non-attendance if their travel were unsupported.

PTS may also be provided to a patient's escort or carer (one escort only) where their particular skills and/or support are needed.

Children under the age of 16 years must be accompanied by a responsible parent or guardian.

Patient transport is arranged through your GP surgery and is subject to eligibility. If an escort is required you must let your GP know at the time of booking transport.

If you are not eligible for patient transport you will need to make your own travel arrangements. Alternative types of transport are listed in this booklet.

Help with travel costs

If you are on income-based benefits, low income or are a war pensioner you may be able to get help with your travel costs.
