

Request 8271 – Boxworth End, Swavesey

In relation to Boxworth End, Swavesey

Please send me copies of:

1. All planning applications and revisions submitted to the Council for the newly built properties now numbered houses 142 and 144, including all related Hard and Soft Landscaping details and proposed Boundary Treatments and any acceptance or refusal which was made. (Before the houses were numbered they were described as plots 1 and 2 or identified as being near 136 or 138.)
2. Notes or minutes of any meetings held to consider these applications, the decisions taken, and conditions imposed in order for the development to take place.
- (3) Details of enquiries made by SCDC before the planning applications were decided about the effect the proposed development would have on the rural landscape, the report you received, and notes of any discussions and decisions.
- (4) Notes or Minutes at which comments and objections from neighbours to the initial plans and subsequent revisions were discussed, and the responses by the Council to these comments.
- (5) Copies of the report made by Mr Patrick Matthews to relevant departments following his visits to the site and to the County Archive at Ely.
- (6) Minutes, Reports or Notes of the two meetings we were to have with Council officers and other interested parties at which we expected to be allowed to give full details of our concerns and objections. These meetings took place without us because we did not receive invitations to attend, nor have we been given any indication of what was decided.
- (7) We believe that the owners of 142 and 144 have not been required to restore the original width and condition of the Byeway although they recently made trivial cosmetic alterations to the new boundaries they have constructed on land they do not own. We request details of any correspondence with them about their obligations.

The information requested in (1) above has been in the public domain but could not be retrieved when recently I tried to view it. A link or digital copy is requested, I would like the information in (2) to (7) to be provided to me as paper copies.

Response

In regards of questions 1 to 6 all material relevant to decision making process is here

<https://applications.greatercambridgeplanning.org/online-applications/>

<https://scambs.moderngov.co.uk/ieListMeetings.aspx?CIId=768&Year=0>

Please note that the meeting held on site was restricted to numbers due to Covid.

7) Documents attached, redactions applied where information we are obliged to remove under data protection. (Attachments available on request)
