

## Request 8475 – Bins

I wish to request, under the Freedom of Information Act, that you supply me with information on:

- The amount it costs each time residents wish to use council provided tips
- Your average bin collection rates (success as a percentage)
- How often on bins are collected
- The average size (in litres) of your bins
- How much (in tonnes) your council recycled in the last full year you have information for
- What percentage of refuse collected by your local authority is recycled (i.e. does not go to landfill)

### Response

The amount it costs each time residents wish to use council provided tips - This question needs to be put to the County council who provide the Tips

Your average bin collection rates (success as a percentage) - The percentage of bins collected as scheduled is 99.8%

How often on bins are collected - Fortnightly

The average size (in litres) of your bins - Our standard size for the majority of 240litre

How much (in tonnes) your council recycled in the last full year you have information for - In 2019-20 we collected: 52,253.06. this is mixed dry recycling and garden and food waste for composting.
