

Request 8553 – Waterbeach relocation Train Station Planning approval Conditions

Please can I have an update on the progress of ALL the RLW Train Station Planning approval Relocation Conditions.

Do you have any detailed plans, or your timescales for the Safe Crossing of Bannold Road (High St end). I would assume RLW will have discussed this in great detail by now.

When did SCDC last meet with RLW regarding the Conditions.

Response

There is no update, there has been no discussions with RLW on any planning conditions relating to the relocated railway station planning approval.
