

Request 9057 Security/Lone Worker Information

Does your organisation have lone workers (HSE definition, someone who works by themselves or without close supervision) ?

How many lone workers does your organisation have?

Does your organisation have in place any form of lone working provision, i.e. dedicated device system, smartphone applications, mixture of both?

How many Systems are in place e.g. Applications, Dedicated Devices

Do you have an existing contract in place for the above?

When was this awarded and for what duration?

Who was the contract awarded to?

Is there the potential for extending this contract? Will you be applying that extension?

What was the contract value in total?

Was the contract tendered through direct competitive tender, a framework, or through G-Cloud provision?

Which department is responsible for the health, safety and well-being of lone workers e.g. Health & Safety, Department by Department etc.
