Introduction

In November 2020, central government provided £4,594,889 to South Cambridgeshire District Council (SCDC) as part of our Additional Restrictions Grant fund allocation (ARG). This was a fund for local businesses facing financial difficulties due to regional and national lockdowns, particularly those who had been ineligible for the main Local Restrictions Support Grant (LRS) and Restart grants. These were businesses who had not been mandated to close, but who remained impacted by Covid restrictions (for example, supply chain or ancillary businesses to those mandated to close).

In late December 2020/January 2021, the Secretary for Business, pledged a top-up to the ARG fund to each local authority, subject to their existing ARG fund being fully utilised by 30th June 2021. SCDC has now met this condition, which will result in an indicative top up amount of £1,350,000 becoming available. The Council will use this to champion and support growth within the district in line with the 'restart' mentality advocated from central government.

This policy sets out how SCDC will deliver this tranche of ARG and provides details of the support to be administered to businesses from **1st July 2021**. The grant will be delivered as a Growth Fund that aims to support local businesses who are looking to scale and grow within the region post-pandemic.

Anti-fraud measures:

As part of the appraisal of each application, credit checks may be carried out which will include overdue creditors, bankruptcy, county court judgements and director disqualification. The Government will not accept deliberate manipulation and fraud. Any business caught falsifying their

records to gain grant money will face prosecution and any funding issued will be subject to claw back, as may any grants paid in error.

In addition to pre-payment eligibility checks our Internal Audit team will use government schemes such as the National Fraud Initiative (NFI) to ensure the Council takes reasonable steps in prevention of fraud and error. Data will be shared with the Department of Business, Energy and Industrial Strategy (BEIS) and NFI. Central government will support local authorities to carry out post-event assurance work.
