

Request 9130 Contract Information

The identity of private companies contracted to the Authority for transport services eg. private bus or taxi companies providing school and community services: Name of principal contacts, Email & Address

What is the fleet size of your owned/operated vehicles. Perhaps you have a fleet list? – e.g. cars, vans, waste disposal trucks.

Does your Authority have central fuelling facilities?

What is the annual fuel bill for the Authority for both Diesel and Petrol - Data from last financial year 2020/21 would be acceptable.

Response

The identity of private companies contracted to the Authority for transport services eg. private bus or taxi companies providing school and community services: Name of principal contacts, Email & Address.

We publish a list of our [contracts on our website](#).

What is the fleet size of your owned/operated vehicles? Perhaps you have a fleet list? – e.g., cars, vans, waste disposal trucks

Please see the attached for a full breakdown of the size and type of our vehicle fleet.

As part of the Shared Waste service, we also undertake the waste collection function for Cambridge City Council, so the attached list includes waste collection vehicles that they own, and any diesel costs listed below are also shared with them.

Does your Authority have central fuelling facilities?

- Yes, the Authority does have a central fuelling facility on site at their depot.

What is the annual fuel bill for the Authority for both Diesel and Petrol?

- The annual fuel bill for the Authority in 20/21 was
 - o £668,433 for diesel (no petrol)
 - o £7,358 for fuel additive
 - o £5,584 for red diesel.
