

Request 9502 - Sites of Ecological Interest

A list (including address and postcode) of any of the following that are found within the local authority:

- Local Nature Reserves (LNRs)
- Non-Statutory Nature Reserves
- Local Wildlife Sites
- Sites of Nature Conservation Interest (SNCIs)
- Any other area that has been designated by the Local Authority as having distinct ecological value and which would require any building work or property development to comply with specific requirements

Please include any such entity set up by a town and parish councils within the local authority.

Response

Please find attached a spreadsheet which details all the information requested by the FOI, except for two elements.

Not all sites have a physical address, best practice has been to use a Latitude/Longitude or some other globally identified system as a spatial identifier. These have been included in the attached spreadsheet. There is no central database or resource for ecologically distinct areas set up by Parish councils. As such, we are unable to provide this information.
