

Request 9419 – Street trading licences covering the village of Bar Hill

Can you please provide me with the details (company/ type (pizza, bread, ice cream, etc)/ start + end date) of any licenses for street trading that cover the village of Bar Hill in South Cambridgeshire (as would be granted by business [applying using the licensing section of our website](#)).

Can you please include active licenses as well as licenses that were active but have become inactive as well as licenses that were applied for and rejected. Where a license was rejected can you please provide the reason for the rejection.

I'm more interested in recent licenses rather than ones from years ago, if it would help to limit the request to the last 10 years (or 5 years if that is too much data) I'm happy with that.
