

## Request 9469 – Electric Vehicle Chargers

1. The electric vehicle charging point with the highest £p/kw which is therefore the most expensive £/kw charging point. Please give data broken down by charging point type – a) ultra-rapid b) rapid c) fast or d) slow
2. The electric vehicle charging point with the lowest £/kw and is therefore the least expensive £/kw charging point. Please give data broken down per charging point type – a) ultra-rapid, b) rapid, c) fast or d) slow
3. How much revenue was generated by council owned electric vehicle chargers in 2019, 2020 and 2021 to date? Please give data separately, broken down by calendar year.
4. How many Council owned electric vehicle charging points in your authority area in 2019, 2020 and 2021 to date? Please give data separately, broken down by calendar year.

### Response

South Cambridgeshire District Council have not installed any Electric Vehicle chargers for public use as yet. The only chargers installed by South Cambridgeshire DC are two that are only for staff use.
