Hello Mary,

Apologies for having overlooked this application.

We have no requirements for archaeology or historic building recording work for this scheme and are satisfied that the archaeological desk-based assessment and the Heritage Statement contains sufficient information to indicate that the survival of archaeological resources is unlikely in the development area and to provide enough detail about this much modified building for entry in the HER.

Regards,
Kasia

HET has high caseloads at present. We apologise for delays in response times.

Unfortunately, due to a combination of the current Covid conditions and prebooked annual leave, the Historic Environment Team is very short-staffed at present. We hope this will only be a temporary situation but for the time being our response times will be extended. Throughout this period we would also suggest that any communications copy in archaeology@cambridgeshire.gov.uk as this will reach the widest range of officers.

For urgent planning related enquiries, please also contact archaeologydc@cambridgeshire.gov.uk

Hi Mary,

I've asked my colleague (copied) who had some involvement with this scheme at pre-app stage to comment.

Kasia – please could you review and advise Mary per the below?

Thanks,

Jess
