## 1. Ratification of East Co-option Board Member

Following the last meeting, Jackie Wrenn, the newly appointed HEB member tendered her resignation due to personal unforeseen circumstances.

The co-option vacancy and application documents were uploaded to SCDC's website on 17 April 2023. The vacancy was advertised in the May 2023 newsletters and regularly on Facebook.

We received four qualifying applications, which included two applications from the East area. A meeting to interview the East applicants was held on 12 June 2023. The final choice was agreed by the board members, however, as the meeting was not quorate the successful applicant will be ratified at this meeting and formally appointed to the board.

## 2. Welcome and Apologies

The Chair will welcome all present and apologies will be noted.

#### 3. Quorum

A quorum shall consist of 50% of members.

## 4. Minutes of Previous Meeting – 23 March 2023 and Matters Arising

The minutes of the meeting held on 23 March 2023 are included for approval.

# Housing Engagement Board Minutes of the Quarterly Meeting held on Thursday, 23 March 2023 from 2pm to 4pm via Zoom

Attendees: Cllr John Batchelor – Chair

Dave Kelleway – Vice Chair

Jim Watson Les Rolfe

Margaret Wilson

Peter Tye

**By Invitation:** Julie Fletcher (SCDC – Service Manager – Housing Strategy)

Eddie Spicer (SCDC – Service Manager – Housing Assets)

Dave Armitage (SCDC – Resident Involvement Team Leader)

Debbie Barrett (SCDC – Housing Services Team Leader)

Bronwen Taylor (SCDC – Resident Involvement Officer) – Minute taker

Gina Manderson (SCDC - Housing Communications Officer) - Admin Support

**Apologies:** Peter Campbell (SCDC – Head of Housing)

Cllr Mark Howell (absent – no apology received)
Cllr Jose Hales (absent – no apology received)

Jackie Wrenn

Geoff Clark (SCDC – Services Manager – Tenancy and Estates)

#### 1. Welcome and Apologies

The Chair welcomed everyone to the meeting at 2.01pm. He especially welcomed Jackie Wrenn, the new tenant representative, however added that she had sent her apologies for this meeting.

Apologies were received from Peter Campbell, Jackie Wrenn and Geoff Clark.

#### 2. Appointment of Chair

The Chair advised that as per the Terms of Reference he had been appointed as the Chair for the first year and thereafter a new Chair was to be appointed, however, no nominations had been received.

Julie Fletcher said that nominations could be given, and seconded, at this meeting. She advised that Cllr Batchelor had chaired for the first year as this was a new board, and that it would give them an opportunity to get familiar with how the HEB ran. She added that the plan was to then have a tenant representative as the Chair.

The Chair said that the tenant representatives would need to give some thought as to who should be elected as chair, however, he would chair this meeting. He asked the tenant representatives to meet to discuss the appointment of a chair for the next two years.

Dave Kelleway said that his preference would be that a tenant representative would be the Vice Chair and that the Lead Member for Housing would be the Chair, as this had more power when decisions were made. He added that Cllr Batchelor had done a good job and he hoped that he would continue as the Chair.

The Chair said that he wanted to make sure that the board was in agreement.

The Board agreed to Cllr Batchelor continuing as the Chair for the next year.

Dave Kelleway said that the Terms of Reference needed to be reviewed as not only did the terms of office for the Chair and Vice Chair differ, but there had been a change in the terms in the co-option policy.

Dave Kelleway proposed that Cllr Batchelor chair the board for another year which was seconded by Margaret Wilson.

The Board were all in agreement.

**Action by: Dave Armitage** 

#### 3. Quorum

The meeting was quorate.

#### 4. Minutes of previous meeting – 15 December 2022

The Chair referred to the minutes of the meeting held on 15 December 2022.

Margaret Wilson said that the last sentence in item 6.3 should read "Eddie Spicer said that the problem was that people who hired the hall interfered with the heating system."

Subject to the amendment, the minutes were approved by the board as a true reflection of the meeting.

**Action by: Bronwen Taylor** 

#### Matters Arising from previous Meeting – 15 December 2022

The matters arising from the previous meeting are listed below for noting.

#### Item 4.2 - Forward Plan

Eddie Spicer advised that the issue that Margaret Wilson had raised with her shed, etcetera, were inspected early in January 2023 and the remedial works were booked for Wednesday 8 March 2023 for completion.

Margaret Wilson said that the job had not been completed properly, as there was still a problem with the brickwork, and asked how this could be resolved.

Eddie Spicer said that he had not received feedback since the work had been completed.

Margaret Wilson said that according to the paperwork and the system it had been completed, and asked how they could address this problem of closure.

The Chair said he thought that tenants were asked to sign off on a job once it had been completed.

Eddie Spicer said that they were asked to sign off and the tenants received a customer satisfaction survey to complete following the completion of the job.

Margaret Wilson said that she received a text to click on a link on her phone, but she was unable to do this on her phone.

The Chair said that we would be adopting a different system for customer satisfaction and would employ a professional company to do this work rather than the contractor.

Eddie Spicer confirmed that the contractor would still be doing their survey, however, we would be having a monthly external sample taken.

#### Item 5.3 – Sheltered Housing Schemes Audit Accounts

Martin Lee advised that they would be preparing the statements at the end of February 2023 / early March 2023 and would send them out in order that they could be displayed in each Communal Room from April 2023, the start of the new financial year. The statements would be the estimated costs for the Year 2023 / 2024.

Margaret Wilson said that they still had unresolved audited accounts and that they wanted to see all incoming and outgoing transactions, for example, service charges.

Julie Fletcher said that she would take this issue back to Martin Lee to look into.

Margaret Wilson referred to the communal room heating that was still coming on at odd times and said that she had spoken to the Sheltered Estate Officer who said that she would look into the issue. She added that the system had to be updated each week and was not designed for a communal hall.

Cllr Batchelor asked Eddie Spicer to investigate this issue.

#### Action by: Julie Fletcher and Eddie Spicer

#### Item 5.4 - Fixed Term Tenancies

Geoff Clark has provided an updated report on Fixed Term Tenancies which is in included for noting.

Julie Fletcher advised that we would be contacting all tenants who were coming up to their 9 year tenancy by the end of April 2023.

#### Item 5.5 - Co-option Policy

Bronwen Taylor has added the word "leaseholder" to the policy documents where applicable.

#### Item 5.7 – New Repairs contract – Performance Review Joint Working Group

The HPP and HEB meeting dates have been set to be held after the working group's meetings.

#### Item 5.11 - Damp and mould

Eddie Spicer advised that he had not received any issues from the Board members, however, a great deal of work was being done and a new policy would be ready soon.

#### Item 6.1 - Stigma

Margaret Wilson provided a summary of the national Stigma meeting she attended on 28 November 2022 and would report back under item 6.7.

#### Item 6.2 – Housing Strategy Review

Julie Fletcher advised that a questionnaire on the high level vision and objectives had recently been sent to the board. She said that this was much wider than our landlord services and covered all housing, and was a much more wider overarching strategy. She said that a lot of meetings had been held with stakeholders and that feedback would be provided in August / September 2023.

#### 5. Standing Items

#### 5.1 New Repairs Contract – Performance Review Joint Working Group

Eddie Spicer referred to the report included in the pack and advised that two meetings had been held. He said that they were looking at Key Performance Indicators and overall satisfaction, and that there had been no issues to discuss. He added that the meetings were useful and that the tenants feedback was valued.

The Chair asked about the restructuring of the voids targets.

Eddie Spicer said that Peter Campbell, Geoff Clark and he were doing research work on this and that voids reporting would be broken down into different categories of 5, 10 and 25 day voids, and then a section on major voids being the refurbishment of kitchens and bathrooms. He said that once all the data were collected, they would have a proposal for targets which should be ready by April 2023.

The Chair said that at the moment it would appear that there was no chance of getting to target as the vast majority were in the 25 day KPI.

Margaret Wilson asked to avoid the use of the word "void".

Eddie Spicer apologised and said that it would not be used. He explained the different situations with delays of empty properties.

A discussion on the refurbishment of properties was held.

Margaret Wilson asked if prospective tenants could be consulted on new kitchens, etcetera, before they moved into a property.

Eddie Spicer said that it was difficult to always consult with incoming tenants as there was a 6 week lead time to refurbish, however, if a property was in an acceptable standard, tenants would be allowed to move in and the work would be done at a later stage. He added that they would then be consulted on the new kitchen or bathroom.

#### 5.2 Forward Plan

Julie Fletcher referred to the Forward Plan included in the pack and asked if there were any items the board thought should be brought forward.

Margaret Wilson asked for an update on the progress of improving the website.

Julie Fletcher said that as this was the corporate website, the Communications team were currently looking at our intranet which was the basis for the website. She said they were looking at providers and the style in terms of what that may look like. She added that the improvement of the website was still in the early stages of development, however, we would look at improving Housing's pages on the website in the meantime.

Dave Kelleway said that the Garage and Land Review decisions made needed to come back to the HEB.

Julie Fletcher said that it would not go straight to Cabinet and she was not sure of what was contained in the Garage and Land Review, however, Bronwen Taylor had set up a meeting to be held in April 2023 for Kirstin Donaldson to discuss with the HEB. She said from that discussion we would look at what decisions, if any, and what process would be taken. She added that going forward, in terms of Cabinet decisions, they should come to the HEB first and we needed to get smarter internally to ensure that that happened.

#### 5.3 Mutual Exchange Policy

Julie Fletcher advised that she was hoping to present the draft copy of the policy today, however, we were near finalising it and it would be distributed shortly. She said that the board would have an opportunity to review the document and make comments before meeting to go through it, and that the meeting would be set up after 26 April 2023.

#### 5.4 New Tenant Representatives Complaints Portal

Julie Fletcher advised that we were in the process of tweaking a few questions on the electronic form and as soon as this had been finalised, we would provide training. She added that in the meantime, if there were any tenant queries that needed escalation, to send the details to Bronwen Taylor.

#### 5.5 Key Amnesty Campaign

The Chair advised that the Key Amnesty Campaign ended on 28 February 2023 and that he was not aware of any keys being returned, however, it was a good way of raising

awareness of tenancy fraud. He added that the team were in the process of analysing the data and that a report would be sent out in due course.

#### 6. New Matters

#### 6.1 Communal Areas Review

Debbie Barrett said that there was a need for improvement and that there was no consistency in any of the communal areas. She said that they were already doing some work, examples being bike and bin storage areas and ensuring notice boards were kept up to date. She added that there was a good argument to have an increase in service charges in order to employ cleaners for the common areas.

Debbie Barrett said that she had spoken to some tenants and they all felt that they would like the communal areas to look better and to be safe. She said that she wanted to move forward with a consultation on service charges.

The Chair asked who was responsible for the communal areas.

Debbie Barret replied that SCDC was responsible for maintenance and repairs but not for cleaning these areas.

The Chair asked if there were any private owners.

Debbie Barrett said that there were some leaseholders, however, more investigation into this was needed.

Les Rolfe said that there were some very clean and tidy communal areas, however, when issues at communal areas on estate inspections were reported, it would appear that no actions or follow ups were made.

Debbie Barrett said that she would ask the HSOs to provide her with all the issues and she would investigate. She added that she would be checking on the issues raised on the estate inspections actions and records worksheet.

A discussion on issues in communal areas was held.

Dave Kelleway said that he thought it was a good idea to consult on service charges, however, we would need to check if leaseholders could be legally charged. He added that all recommendations should be referred to the HEB.

Peter Tye said that if cleaners were employed they would be able to provide feedback on the condition of the communal areas.

**Action by: Debbie Barrett** 

#### 6.2 Co-option of New Member

Bronwen Taylor advised that the co-option vacancy and application documents were uploaded to SCDC's website on 20 January 2023, as well as being advertised in the February 2023 newsletters and regularly on Facebook. She said that two applications had been received and as one of the applicants was from the East area, the applicant, Jackie Wrenn, had been duly elected onto the board. She added that emails were sent to both applicants on 7 March 2023 advising them of the outcome.

#### 6.3 Review of Resident Engagement Framework

Dave Armitage said that the previous review was for 2020 – 2023 and that a meeting with the tenant representatives to discuss this would be held in May 2023.

#### 6.4 Asset Management Strategy Action Plan

Julie Fletcher said that good progress had been made on some of the key actions and that eleven projects had been completed in the first year. She said a further two actions (highlighted in green) were on track to be completed by the target date and a further thirteen actions (highlighted in amber) were anticipated to be completed by the target date or the target date had been revised. She added that a further seven actions were dependent on other actions being completed before these could be started, the majority being down to the Housing Stock Condition Survey.

The Chair said that we would only see the results of the Housing Stock Condition Survey towards the end of the year.

Julie Fletcher said that it was on the Forward Plan for the first quarter of next year and that we were in the process of appointing the contractor.

Eddie Spicer said that it was due to start at the end of April 2023.

Dave Kelleway said that he was concerned about the delays with the policies, in particular the Green Measures policy (G5) which had a revised date of October 2023 and the renewal of the Grounds Maintenance contract which was due in September 2023. He asked if they were connected and should they not be considered together.

Julie Fletcher said the Grounds Maintenance contract was separate and the Green Measures policy was how we were going to double nature. She added that we have tried to be a bit more realistic with some of our targets.

Eddie Spicer said that the Grounds Maintenance contract would be procured in partnership with County Council, who were leading on this project.

Margaret Wilson said that she was a part of the Doubling Nature project and had not heard anything about this. She added that there were some enthusiastic tenants who were interested in making some improvements to a communal area and that she had spoken to Geoff Clark about it who said that SCDC could provide some funding, however, she had received no feedback since. She asked how the HEB would be involved in appointing the new grounds maintenance contractors.

Julie Fletcher said that as the contract was in conjunction with County Council they may not have as much involvement with the procurement, however, they would still be involved with helping with the specifications, looking at the performance indicators, etcetera. She referred to the doubling nature activities and said that Dave Armitage would be getting involved with community grants and community activities.

#### 6.5 Community Activities

Dave Armitage advised that he had met with all the tenant volunteers at the end of February 2023 and said that he was planning to arrange community activities, for example, litter picking, together with tenant volunteers, in order to make ourselves visible and to encourage residents to find out more about what we do. He said he would be sending out a schedule of planned events.

**Action by: Dave Armitage** 

#### 6.6 Summary of the National Stigma Meeting

Margaret Wilson referred to her report in the pack and said that she hoped that the board got the general gist, which was similar across the country. She referred to the HEB's involvement in the new Sheltered Estate Team Leader role and said that they had received dates at the last minute. She said that they needed to be involved in the process from an early stage.

#### 7. Any Other Business (AOB)

#### 7.1 Parking of vehicles on grass areas

Jim Watson referred to vehicles parking on the grass areas in Willingham and asked how stopping this could be enforced. He added that it had been reported but it would appear that no action had been taken.

Debbie Barrett said that this rule was in tenancy agreements and that this complaint was addressed, however it was difficult to enforce. She asked Jim Watson to send her the details of his complaint.

#### 8. Proposed Meeting Dates for 2023 / 2024

The Chair referred to the proposed meeting dates for 2023 / 2024 as follows:

- 29 June 2023 (Zoom / venue to be confirmed)
- 28 September 2023 (Zoom / venue to be confirmed)
- ➤ 14 December 2023 (Zoom / venue to be confirmed)
- ➤ 28 March 2024 (Zoom / venue to be confirmed)

Bronwen Taylor said she would send out meeting invitations.

**Action by: Bronwen Taylor** 

#### 9. Closing

There being no further business to discuss, the meeting ended at 3:58pm.

## 4.1 Matters Arising from previous Meeting – 23 March 2023

The items raised at the previous meeting are below.

#### Item 2 – Appointment of Chair

**Action:** Dave Armitage to review the Terms of Reference document, in particular the terms of office for the Chair and Vice Chair, and the terms of the Co-option policy.

**Report back:** Dave Armitage to report.

#### Item 4 – Minutes of previous Meeting – 15 December 2022

**Action:** Bronwen Taylor to amend the last sentence in item 6.3 of the minutes to read "Eddie Spicer said that the problem was that people who hired the hall interfered with the heating system.".

**Report back:** Bronwen Taylor has amended the minutes.

For noting.

#### Item 5.3 - Sheltered Housing Schemes Audit Accounts

#### **Actions:**

- 1.) Julie Fletcher to raise the issue of unresolved audit accounts with Martin Lee.
- 2.) Eddie Spicer to investigate the issue of the heating systems at the Communal Halls.

#### Report back:

- 1.) Dave Armitage to report.
- 2.) Eddie Spicer advised that this was looked at by Chris Brown who had spoken to the SHO's responsible and they were all happy with the operation of the system and they all knew how to use it, and were satisfied it was working appropriately. For noting.

#### Item 6.1 - Communal Areas

**Action:** Debbie Barrett to look into the issues raised in communal areas at the formal estate inspections with HSOs.

**Report back:** Dave Armitage to report.

## Item 8 - Proposed Meeting Dates for 2023 / 2024

Action: Bronwen Taylor to send out meeting invitations for meetings for 2023 / 2024.

**Report back:** The meeting invitations have been sent out.

For noting.

## 5. Standing Items

## 5.1 New Repairs Contract – Performance Review Joint Working Group

An update on the Repairs Contract is in included for noting.

## Resident Working Group

#### Update – June 2023

The Resident Working Group for the new contract with Mears, meet on a monthly basis with representation from stakeholders, 3 Residents (including 1 leaseholder) 3 representatives from Mears, and 3 from SCDC.

The main topics of these meetings are:

- 1. KPI review
- 2. Complaints Overview
- Feedback From Residents
- 4. Feedback and comments from Core Groups
- 5. H&S concerns
- Customer Satisfaction
- 7. Job response times and volumes
- 8. Social Value activities
- 9. Contract Commitments

The May meeting was postponed due to bank holidays and other leave.

The involvement of the residents is invaluable to me and our service as it provides a voice and opinions from our service users. The resident representatives are encouraged to communicate with the wider residents and obtain genuine feedback and comments which can be digested at these meetings and put to constructive use.

There is a high level of commitment and enthusiasm from the reps in being involved in the process and providing input into decision-making conversations and providing an independent voice.

It has been identified that there is a certain level of overlap between this group and the wider HEB / HPP, this has shown as apparent following a recent item of discussion on the complaints policy and procedures within SCDC and Mears, this has now been escalated to a more corporate level as the complaints policies and procedures can not be isolated to the contract group alone.

As part of the current HEB / HPP review, the activities of this group will be included and the integration with the HPP be improved.

Overall the group is serving its purpose very well, the energy and enthusiasm shown is a real testament to the resident's desire to be involved.

**Eddie Spicer** 

## 5.2 Forward Plan 2023 / 2024

Julie Fletcher to provide an update on the Forward Plan which is included in the pack.

## 5.4 Key Amnesty

The Key Amnesty Campaign ended on 28 February 2023. A report is enclosed. For noting.

Draft – South Cambridgeshire District Council – Corporate Fraud

#### Values:

- Connecting people, places and partnerships and working together
- Integrity and honesty to ensure that we are open and accountable
- A dynamic approach to the delivery of services with drive and energy
- Supporting innovation, doing things differently and better

Fighting Fraud and Corruption Locally plan (FFCL) broadly identifies the five focus areas, Govern, Acknowledge, Prevent, Pursue and Protect. Having robust arrangements and executive support to ensure anti-fraud, bribery and corruption measures are embedded through the organisation are key.

The Corporate Fraud Team was formed to align existing services and coordinate the approach to preventing and detecting fraud, bribery, and corruption across South Cambridgeshire. This centralised team enables the Council to focus its preventative and investigative resource to tackle different types of fraud that may occur against South Cambridgeshire District Council.

This document highlights focused prevention activity during the last financial year. Quarterly active accounts of counter fraud related activity undertaken over the financial year are provided to Audit Committee identifying fraud by type and levels. The Audit Committee considers quarterly reports as part of the framework of assurance to support the Annual Governance Statement.

In the current economic climate, there is an increased focus being placed on local government to protect public finds. The authority is an attractive target for fraudsters and is vulnerable to acts of bribery and / or corruption or irregularity. The current Cost-of-Living Crisis, compacted by financial recovery as the legacy of the Covid 19 Crisis, has broadened the scope and demand for anti-fraud services. Ongoing delivery of Central Government support packages and financial pressures have heightened incentive and risk of abuse.

South Cambridgeshire District Council currently manages over five thousand tenancies within the district. Social housing tenancy fraud is the second-largest cause of Local Government fraud loses. When housing supply is reduced by fraudulent tenancies local councils carry the financial burden of providing accommodation for the homeless.

#### Housing

It is estimated that more than 100,000 social homes in the UK are subject to some form of tenancy fraud. [Figure based on Protecting the Public Purse report 2012]. Although there are varying costs calculators associated with estimating the cost of loss, as a consequence of social

housing fraud, South Cambridgeshire District Council has adopted recommended guidance to use a calculator based on local accommodation costs.

The average cost of a detected tenancy fraud to the national public purse is approximated to £42,000 per property. Within our district the cost incurred is raised to an approximated £46,000 per property.

During the Month of February 2023 Corporate Fraud, in partnership with Housing, ran a Key Amnesty Campaign to raise awareness around social housing fraud and to provide an opportunity for those misusing social housing to return it. #Dotherightthing

#### Benefits of the campaign

The campaign supported the counter Fraud and Error Strategy to:

Raise awareness and vigilance which is promoted through provision of easily accessed resources to support the identification of fraud and to confidentially report suspicions of fraud on internal and external platforms.

Support intolerance towards fraud within South Cambridgeshire communities through publicity and education to highlight the cost of fraud to the community.

Provide accessible fraud awareness resources which empower the community to assist in identification and prevention.

Assure South Cambridgeshire communities that fraud is taken seriously by the Leadership Team and that both proactive and responsive approaches are adopted to prevent and detect fraud and ensure finite assets are not misdirected.

#### Social Media Reach

Between the period of 17 January 2023 – 28 February 2023, social media reached over 42,000 people.

Communities accessed information about housing fraud via Facebook, Twitter and Instagram.

#### Media Coverage

The story was covered by:

Royston Crow

**CambsNews** 

Cambridge Network

Cambridge Independent

TV West Anglia

#### **Tenant Education**

Tenants were written to directly in the interest of raising awareness of social housing fraud and explaining what social housing fraud might look like in a relatable way. Following the unprecedented circumstances of the Covid Pandemic, affecting the living arrangements of many, tenants were provided with an opportunity to return housing where it was not being used in accordance with tenancy agreements.

#### Increase in reports of Fraud

At the time of writing this document 13 April 2023, reports relating to housing fraud were compared over a relative period.

Between the period of 19 January 2022 to 31 March 2022, one (1) housing related referral was received compared to the period of 19 January 2023 to 31 March 2023 when sixteen (16) housing related referrals were received.\*

\* Measurement only relates to housing fraud reports and excludes referrals relating to other fraud categories.

#### **Tenancy Terminations**

Housing reported 71 tenancy terminations in total in January and February 2023. In the same two months of the previous year there were 50. Housing report fluctuations each month between 20 – 40 individual terminations and the increase cannot be attributed specifically to the amnesty.

Notice was provided in writing for each termination of tenancy as prescribed in the standard tenancy agreement. The reasons for each termination described mirrored typical trends.

## Below are some of the compliments received: -

- "I am writing to say how much I have appreciated the work you all do. I want you to know that what you do is acknowledged to be so valuable."
- "Thank you is rather inadequate term to explain how I am grateful"
- "I am writing to commend the team which undertook the task. The gentlemen worked consistently hard, neatly, considerately, and with good humour. Their teamwork was excellent and their skills first-rate. The job was completed within a week and the area was left tidy afterwards"
- > "I cannot convey how happy I am, thank you so much for seeing this project to this stage"
- > 'Thank you \*\*\*\*\* and your team for the help that you gave me and children when we needed support. We have come a long way since then and that's mainly down to you"

## 6.3 Policy Review

Julie Fletcher to report

# 6.4 Service Plan and Resourcing

The Housing Service Plan and appendices are enclosed.

Peter Campbell to report.

| Report to:    | Housing Engagement Board (HEB) 17 July 2023 |
|---------------|---|
| Lead Officer: | Peter Campbell – Head of Housing            |

# Housing Service Plan for 2023 – 2024

#### Recommendations

 That the Housing Engagement Board (HEB) note the Housing Service Plan for 2023 – 2024, as set out at Appendix A, and discuss key priorities / challenges for 2024 / 2025 for the development of next years' Service Plan and budget priorities.

#### Reasons for Recommendations

2. Final sign-off of the Service Plan is the responsibility of the Head of Service, Peter Campbell, before publication to the Corporate Management Team. Whilst this is primarily an internal document that each service area completes annually, it is important that the Housing Engagement Board feed into its development relating to the landlord services and have oversight of progress. It should be noted that the Service Plan covers all functions of the Housing Service, not just those relating to our responsibilities as a housing landlord.

## **Purpose**

- 3. The purpose of the report is to acknowledge the current service plan and to discuss what key priorities and challenges the housing service faces over the next year. This will form initial discussions for the preparation of the development for the next Service Plan and budget setting for 2024 / 2025. Many of the priorities will remain the same as for this year based on the approved Asset Management Strategy, with a key focus on the impacts of the cost of living crisis, working towards net zero carbon targets and energy efficiency of our homes and meeting new regulatory requirements.
- 4. At a strategic level, the Housing Engagement Board are asked to consider whether there are any further key priorities that the service should take into account and whether there are any key actions not already identified.

5. Any additional priorities will need to be considered in the context of budgetary constraints. Further detailed information relating to the financial position of the housing service is provided at Appendix B.

#### **Details**

- 6. The <u>Corporate Business Plan</u> sets out the overall objectives for the Council, which in turn have an influence on the priorities and actions within the Housing Service Plan. Service Plans are also an opportunity to highlight the key projects and challenges for each service area and the relationship between departmental inter-dependencies.
- 7. The Service Plan is a standard template used for all services. The document is internally focused and may therefore be of a technical nature, the detail of which is not presented in a way for general publication. The Service Plan is split into four sections.
- 8. Section 1 sets out the service vision, mission and background. The vision has been taken from the approved Housing Asset Management Strategy which is also relevant to the whole Housing Service. It sets out the five primary functions of the Housing Service as well as providing a brief overview of the financial budgets overall. Further detail relating to the budgets will be discussed at the meeting.
- 9. Section 2 gives a brief highlight of some of the main accomplishments over the last year, what lessons have been learnt and also an analysis of the strengths, weaknesses, opportunities and threats facing the Housing Service.
- 10. Section 3 sets out the delivery plan as to how the Housing Service will contribute to the Corporate Business Plan priorities, as well as setting out our Business as usual service delivery and key activities. Many of these activities are also identified as key actions within the Asset Management Strategy.

# Housing Service Plan for 2023 – 2024

## Section 1: Service Vision, Mission, and Background

#### Service Vision:

Homes should be so much more than just bricks and mortar. Places to feel safe and secure, where communities thrive and grow.

Our vision is supported by having a future-proofed data driven service that enables informed and robust decisions to be taken.

#### Service Mission Statement:

To provide good quality, sustainable homes that are affordable to live in and where people choose to live.

The Housing Service has five primary functions:

### 1. Housing Property Services

**Service Manager Housing Assets –** Providing property maintenance services to over 5,750 homes, including both responsive repairs and capital works to ensure homes are maintained at a decent standard. The Council's housing stock comprises its highest value assets and its repair and maintenance costs form its largest liability. The housing stock is valued at over £585.9 million (Social Housing Value) and at over £1,566 million (open market value with vacant possession) (valuation dated 31/03/2022), therefore successful long-term planning for its sustainable future is vital, including working towards our net zero carbon targets.

The service also supports the two housing companies owned by the Council:

Ermine Street Housing and Shire Homes.

#### 2. Housing Services

**Service Manager Tenancy & Estates –** The Tenancy & Estates Team delivers a range of customer focused services that combine to fulfil a vital role in meeting the housing and welfare needs of our Tenants and Customers. As well as providing a housing management service for our tenants, we also provide additional estate management services on our sheltered schemes, as well as the management of our gypsy & traveller sites.

### 3. Housing Strategy and Development

**Service Manager Housing Strategy –** providing a strategic lead on housing issues within the district including assessing housing needs, working with developers, and housing associations to negotiate the affordable housing provision on new developments. The service also includes resident involvement and policy development, performance management across the department and the administration of disabled facilities and repairs grants.

## 4. Housing New build

**Service Manger Acquisitions & Development –** delivering new council homes, including council homes for rent and shared ownership by way of S.106 acquisitions and direct delivery on council-owned sites. The New Build Service also leads on the delivery of community facilities at Northstowe: including a Community Centre, Sports Pavilions and Civic Hub.

## 5. Housing Advice and Options

Service Manager Housing Advice and Options – providing a housing advice and homelessness prevention service which fulfils the council's statutory duties to homeless households including rough sleepers and helps people to remain in their homes for as a long as possible through the provision of specialist support. This service also fulfils the Council's statutory obligations in relation to the allocation of social housing through a choice-based lettings scheme and helps to develop other accommodation options including the Council's Private Sector Leasing scheme delivered by Shire Homes Ltd.

#### 6. Ermine Street Housing

**Head of Ermine Street Housing –** Council owned company that acquires homes on the open market and lets to private tenants using assured shorthold tenancies. The company also leases 150 homes from the Ministry of Defence. The business activity provides an income stream for the Council.

#### Background:

This service plan covers both strategic housing functions of the Council and its landlord role. The service plan for Affordable Homes should be read in conjunction with the <u>Greater Cambridgeshire Housing Strategy (2019-2023)</u>, the <u>Homelessness Strategy 2018-2023</u> and the <u>Housing Revenue Account (HRA) Asset Management Strategy 2021-2026</u>. Following the outcome of the tenant satisfaction survey undertaken in 2022, a service improvement plan is currently being developed.

Monitoring of the Service Plan is completed by our Housing Services Management Team and progress reported in our <u>Annual Report to Tenants and Leaseholder</u> published in Autumn, as well as up to date information contained in our <u>Tenant and Leasehold news</u>

Finance: (approved by Council in February 2023)

**Housing Revenue Account (HRA) –** is a ring-fenced account containing the income and expenditure on running the councils housing stock / social housing

## **Bids and Savings**

 Minor restructuring of housing service which is funded by disestablishing several roles and offering a small saving of around £40,000.

<sup>\*\*</sup> Contribution to capital financing is the amount of capital expenditure (in this case the new build programme) financed from rental income in year.

<sup>\*\*\*</sup> The amount charged as depreciation within the revenue account can be used to finance the improvements to existing stock.

## Section 2: Where are we now?

#### Accomplishments

- Supported the delivery of 529 (estimated) affordable homes across the district, working with housing providers and developers
- Supported the completion of the 'pods' at Emmaus, Landbeach to provide move-on accommodation
- Set up resident involvement groups to help monitor the performance of contractors and help to shape the service provided to tenants
- Involved Tenant Reps in the recruitment of key house roles
- Introduced a formal estate inspection process supported by Tenant Reps to help us ensure our estates are kept clean, safe, and tidy
- Successfully achieved DAHA accreditation (Domestic Abuse Housing Alliance)
- Ukrainian guests Wider housing team played a key role in supporting welfare. More specifically a tailored housing advice team was created to manage and support all Ukrainian guests coming out of hosted accommodation.
- Housing advice team moving away from appointment-based system to be more responsive and efficient.
- Visiting support significant increase in referrals.
- Sub Regional Home-Link making more use of e-forms which is saving considerable time.
- Shire Homes Lettings taken on 11 additional properties and a further 10 agreed.
- Allocated in excess of 435 properties, including 331 council properties
- Prevented or relieved 214 cases of homelessness
- Procured a new long-term Repairs contract to provide stability to the repairs service for the coming years with cost-effective provision of Responsive Repairs, Empty Properties for relet, and Planned works, the contract comes with the additional benefits of assistance with Asset Management and stock Decarbonisation to help us achieve our Net Zero targets, there are also many social value benefits and activities embedded within the contract, such as regular coffee mornings across the district to promote digital inclusion, energy advice workshops and the opportunity for minor repairs during these. The contract has secured and increased many local jobs and increased the opportunity for training apprentices within the business
- We have secured £1.7m of Gov funding through the SHDF (Social Housing Decarbonisation Fund) This will help us deliver a large amount of energy efficiency works to our lower performing properties over the next 2 years, this has been a collaboration

between ourselves and our repairs contractor as part of the added benefits provided under the new contract.

- A table of works delivered is being compiled
- Completed a district wide tree audit which will allow us to programme future tree surgery works and better maintain our tree stock
- Introduced an on-line sign-up service for new tenants of our council properties and garages creating a more efficient system.
- Transferred all of our land asset data from a legacy system to a bespoke management system – Orchard Asset.
- Worked with colleagues in our Corporate Fraud Team to introduce a key amnesty to help raise awareness on the topic of Tenancy Fraud.

### Learning:

- Flexibility being flexible has helped to maximise the funding for Local Authority Housing
   Fund (LAHF)
- Importance of corporate buy-in helped towards successfully achieving the DAHA accreditation (Domestic Abuse Housing Alliance)

#### Green to Our Core Actions

- Increase the number of Council homes each year to support people on lower incomes. These will include high energy standards and renewables
- Identify and deliver opportunities to invest in publicly accessible electric vehicle charge points in priority locations in the district, working with partners – pilot installations of fast EV Chargers at Sheltered Housing Schemes for public use, and install one rapid charger for public use
- Review community rooms and other small sites to identify and deliver opportunities for carbon reduction
- Develop carbon reduction targets for council homes as part of the Asset Management Strategy
- Identify and deliver new opportunities to plant trees, establish wildflower strips and in other ways enhance nature on our own estate, in consultation with residents

## **Equality Diversity and Inclusion Actions**

- Complete Gypsy & Traveller and Boat dwellers accommodation needs assessment
- Review resident involvement activities, including role of HEB & HPP
- Tenant satisfaction survey outcome Improvement Plan, including a focus on the de-stigmatization of council tenants.

## **Operational Key Performance Indicators**

The Regulator of Social Housing has created a new system for assessing how well social housing landlords in England are doing at providing good quality homes and services (see Appendix 1 for timeline). This will require all registered providers to generate and report tenant satisfaction measures (TSMs) as specified by the regulator. As a provider of more than 1,000 dwellings we will need to report on 22 measures every year – 12 will come via Tenant perception survey and 10 via generated management information (performance indicators) as seen in Table 1. We are not restricted from collecting or publishing additional performance measures or information alongside the TSMs see Table 2 for our additional performance measures

Head of Housing Housing Revenue Account Estimates 2023/24

#### Head of Housing Housing Revenue Account Estimates 2023/24

#### Introduction

The Housing Revenue Account (HRA) has been prepared in accordance with the Local Government and Housing Act 1989, as amended by the Leasehold Reform, Housing and Urban Development Act 1993 and the Local Government Act 2003. Under this legislation the Secretary of State for the Ministry of Housing, Communities and Local Government (MHCLG) has the power to issue directives in respect of appropriate income and expenditure items.

The balance on the HRA stood at £5.3million as at 31 March 2022, after a surplus of £2.2 million was made in 2021/22. A deficit of £2 million is expected in 2022/23 followed by a deficit of £0.5 million in 2023/24.

The capital programme has been reprofiled to move £11M into 2023/24 for the acquisition of additional homes. These acquisitions will be part funded (40% or 50% for larger properties) with government grant and are to be used to house refugees who fall under certain, named migration schemes. In the longer term, these homes will revert to general needs when no longer needed for refugees. These acquisitions will be managed within the existing capital budget but the program has been re-profiled for the £11M to be spent earlier than originally planned. The higher capital spend in 2023/24 will be part financed by the use of ear-marked reserves in addition to capital reserves and the grant funding.

The HRA Self Financing system came into effect on 1st April 2012, under which councils now keep all rents in exchange for an allocation of housing debt. At the end of 2011/12 councils were required to pay to the Government their notional HRA surplus, as determined by the self-financing settlement. The Council borrowed £205 million in the form of 41 maturity loans, with rates ranging between 3.44% and 3.53%. The loans have varying maturity dates, with the first £5 million due to be repaid on 28 March 2037 and the last on 28 March 2057.

The current debt repayment strategy for the HRA, not to set-aside resource to repay housing debt, but to instead invest resource in new build housing, assumes the need to re-finance the borrowing when loans mature. The potential debt repayment or re-investment reserve stood at £8,500,000 on 1 April 2022, with the current assumption being that this will be re-invested over the next 3 years to extend the life of the business plan.

The Council has produced a thirty year HRA Financial Plan for a number of years. However, with the advent of self-financing, this has taken on more prominence. The Financial Plan is reviewed and updated annually to check actual progress against the plan and where necessary make amendments.

#### **Management and Maintenance**

Management costs in 2022/23 are lower than originally budgeted due to beginning the year with vacant staff posts, which were held vacant throughout the year, These will be recruited to in 2023/24 as part of a wider restructure.

The effect of the rising rate of inflation throughout 2022 can be seen in the Repairs and maintenance costs, which have increased more than expected in 2022/23. Mears were awarded a new contract in October 2022 to deliver an improved response repairs and maintenance service to our housing tenants. £300,000 has been added to the budget in 2023/24 to allow for a stock condition survey of all council owned homes.

#### **Major Repairs Reserve**

This is a statutory reserve credited with depreciation in respect of the housing stock each year, with funding then in the Housing Capital Investment Plan, to meet the capital cost of works to HRA assets, or alternatively to repay housing debt. The Major Repairs Reserve balance as at 1 April 2022 was £2.5 million, and it is planned to use this balance to support the HRA capital programme over the next 3 years.

#### **Capital Expenditure**

The HRA capital programme was agreed at Cabinet in December 2022 and the levels of direct revenue contributions to capital expenditure are based on the required level of funding after other sources of capital funding are taken into account and after affordability is assessed. The programme has been reprofiled over the 5 year period to include the acquisition of approximately 30 homes in the next year, which will be part funded by government grant.

#### **Proposed Rent Increase**

#### Head of Housing Housing Revenue Account Estimates 2023/24

From April 2020 local authority rents have been regulated by the Regulator of Social Housing, alongside housing associations and other registered providers. Rent increases had been limited to an increase of up to CPI plus 1% (based upon CPI at the preceding September) but the Government has limited social housing rent increases from April 2023 to 7%. (September CPI was 10.1% which could have led to a potential rent increase of 11.1% under the existing guidance). The proposed rent increase is therefore 7% from April 2023.

#### Interest on Receipts and Balances

HRA interest income is higher in 2022/23 than originally assumed due to the higher interest achieved on deposits following the increases to the Bank of England base rate. Interest receipts are projected to reduce in subsequent years as balances held in reserve are utilised to fund the business plan.

#### Interest Payable on Loans

This is for the servicing of loans the Council has taken to fund the self-financing debt settlement

#### Minimum HRA Balance

The Council's previously agreed minimum level of balance to be achieved is £2 million; this is expected to be achieved in 2022/23 and 2023/24 through the appropriation of ear-marked reserves.

The assumed level of arrears in 2022/23 is not expected to increase as much as originally anticipated. However, the potential impact of rising prices for cost of living is expected to result in increasing levels of arrears. Consequently, the provision has been increased to £140,000 for 2023/24. |
