

Viewpoint 5 – Wilsons Road PRow, Longstanton, facing south –west

Assessment notes

Construction Phase:

Construction activity would create substantial new features that would be highly visible in the middle ground view.

Operational Phase:

The Southern Access Road and bridge would be highly visible in the middle ground of this view.

Viewpoint 6- High Street, Oakington, facing north

Deciduous tree belt on southern boundary of Oakington Barracks

Approximate extent of the development

Assessment notes

Construction and Operational Phase:

Due to the extensive tree belt at the southern boundary of the former Oakington Barracks the proposed development would be entirely screened.
