

## Viewpoint 20 – The Boot PRow and track, Aldreth, facing south-west

### Assessment notes

Construction and Operational Phase:

Due to the distance of the viewpoint from the proposed development (approximately 6.5km) and the intervening vegetation aligning the embankments of the River Ouse and field boundaries the proposed development would not be visible from this location.

Date taken: 1st April 2014. Canon 5DII, 50mm Lens/stitched panorama.
