Speedwatch and Casualty Reduction

PC AJ Boddington
Casualty Reduction Officer

#safercambs

Speedwatch

- Volunteers are supported by a dedicated Co-Ordinator Julie Clark.
- 92 Active Groups with others in training.
- Over 1100 members.
- Engage with Julie Clark to have support during deployment.
- High Speeders receive a letter and third time results in a visit.
- Support of enforcement through Neighbourhood Policing Teams, Speed Camera Vans, Roads Policing and VZ Team.
- New procedure for intervention through ANPR.
- Close liaison with Local Authorities for co-ordinated approach.
- Not recognised as Police enforcement, so data is invaluable.

Speed Limits

- Vital that this is assessed on a case by case basis.
- No two villages, towns or cities are the same.
- Will be ultimately assessed, designed and implemented by Local Authority. Consider Local Highways Initiative funding.
- 20 mph are clearly safer if there is compliance. There are conflicts. Need to be appropriate and considered with physical measures.
- Think – Look and Feel.
- Speed enforcement is a Policing challenge.
