

## Key

Construction Exclusion Zones for Grasslands

—+—+— Permanent Protection Fencing

—+—+— Temporary Protection Fencing

Retained Grassland

Retained Grassland Swards

Grassland Receptor Sites

Site Boundary

Note - CEZ fencing is not proposed where natural barriers such as the woodland edge of the site boundary would naturally prevent incursion.

Within the Pump House Gardens, the requirement for exclusion fencing to protect retained grassland swards will be determined by the Project Ecologist.
